

MKRC GDPR Statement

We use the information you provide on the club Membership Form to communicate with you and to help run a safe and effective club.

Your data is stored securely and only accessed by the Committee members, Safety Officer, Administrator and Membership Officer. Selected limited information such as contact details or BR membership may be shared with Squad Captains for the purposes of organising crews and events.

The information will be stored for 2 years, inclusive of the current membership year, to allow any residual club activities and communications to be completed.. After 2-years:

- Personally identifying data will be removed (except for members with unpaid fees), and
- Only generic data* will be retained, in an **un-linked** form, to allow the club to track membership evolution.

* first 3 digits of post code, age range, gender, ethnicity, membership type

Removal of personally identifying data and retention of generic demographic data will be performed by the Membership Officer or a member of the Committee. Non-members will be removed from email distribution lists.

If you wish to remain in contact with the club when no longer a member, please consider joining as a Social member (at no cost) to be notified of social events, club news and other announcements.
